

## **Corridor Publishes Latest Case Study on Solving Common Contract Management Challenges**

*Port Blakely details how adopting Corridor Contracts 365 cloud contract management solution to automate their contract management processes led to improvements in operational efficiency, increased contract accuracy and enabled support for their global user base.*

NEWBURYPORT, Mass. ([PRWEB](#)) September 05, 2019 -- [Corridor Company, Inc.](#), the leading provider of contract lifecycle management solutions for Microsoft Office 365 customers has published its latest case study on Port Blakely.

Operating for more than a century and a half in one of the oldest industries in the US, Port Blakely has long been committed to embracing new technology for operational efficiency gains in the forestry business. Accordingly, the organization knew they needed an agile, adaptable solution that was easy to configure and quick to deploy globally.

The case study outlines how adopting the cloud based contract management solution, [Contracts 365](#) allowed them to overcome challenges faced by a large number of companies today, such as: slow contract turnaround time, accuracy issues, heavy manual workload, and inability to support a global user base.

The case study is available on the [Corridor Company website](#) and is free of charge.
